

Annual meeting of Hercules Wankel IG 2024

**We will meet up on 15.06.2024 in Nuremberg-Fischbach
50 years of Hercules W 2000**

For the 50th anniversary of the Hercules W 2000, we had planned to organize a special exhibition at the Museum of Industrial Culture, just like we did for the 25th anniversary. Some of you might still remember the exhibition at this museum in 1999.

Due to urgently needed fire safety renovations, the museum was closed for two years in November 2023 on short notice.

The dream of a special exhibition is over.

A setback, or perhaps it is a sign of the times that many things are no longer possible or feasible as imagined.

But Nuremberg has much more to offer! There is a beautiful new privately owned Museum, that will be opened exclusively for our meeting.

We are very proud and honored that we are allowed to use it as our event location.
